TWO SHAMOKIN MEN ARE BADLY HURT IN CRASH

Two Shamokin men were listed as in "serious condition" at the Warner Hospital this morning following an auto accident Friday afternoon approximately two miles north of York Springs on the Harrisburg Rd.

Both men, Paul J. Koletar, 36, and John M. Ondush, 35, suffered compound fractures of the skull and other injuries when their southbound car, according to police, crossed the center lane of the highway and crashed almost head on into a northbound auto operated by Marian A. Yale, 50, of Honesdale.

The local officers were hopeful of questioning the men later this morning to determine which had been the driver of the auto and the reason for their vehicle swerving into the other car. Friday night one of the men was unconscious, the other was unable to clearly answer police queries, the officers said.

2 CARS DEMOLISHED

Marian Yale, driver of the other auto, suffered multiple lacerations of the forehead and left knee and contusions of the chest. A passenger in her car, Harriet E. Waltz, 56, also of Honesdale, suffered a broken right shoulder and a number of lacerations.

The injured were brought to the Warner Hospital in the York Springs ambulance and the car of a passing motorist.

State police estimated damage to the Shamokin car at \$700 and to the Yale vehicle at \$2,400. Both were reported by police as demolished.

The officers said the two Shamokin men were apparently hurled from their car by the impact.

FARMERS GET BALLOTS FOR ASC ELECTION

Ballots have been mailed farmers throughout the county for the election of community committees for the six districts into which the county is divided by the Adams County Agricultural Stabilization and Conservation Service.

In addition, space is provided for four or five more names so that persons not wishing to vote for the nominated candidates may write in their choices. Each voter is to vote for five men for the community committee. The men receiving the highest number of votes from the ballots are chosen as the local committee with the one getting the largest number of votes being the chairman, the second highest vice chairman and so on down the line.

Have Leaflet On Fallout Shelters

The Chamber of Commerce of the United States today announced publication of a leaflet "Fiction and Facts about Family Fallout Shelters."

The leaflet is designed to promote America's lagging civil defense program.

"As Russia achieves an unmistakable capability of launching a successful nuclear attack on the United States, our nation must have more than a retaliatory capability," the Chamber says. "We must also have the ability to survive such an attack, to recover, and to rebuild."

According to the leaflet, "for persons beyond a five-mile radius of any direct nuclear bomb hit, availability of an adequate family fallout shelter would increase their chances of survival from 1 to 10 to 8 to 10."

Orders of 1 to 9 copies of the leaflet are available free to the public. Special prices for bulk orders. Write: Chamber of Commerce of the United States, Washington 6, D. C.

Trouble Flares Anew Over Red Pass Offices At Two El Stations In West Berlin

BERLIN (AP)—Maj. Gen. Albert Watson II, U.S. commandant in Berlin, protested personally to the Soviet commandant today against what he called the illegal regulations of the East German Communists in limiting crossing points between East and West Berlin.

Watson blamed the Russian, Col. Andrei I. Solovoyev, in part for incidents arising from the new rules.

Irate West Berliners have shouted insults at Soviet troops and tried to overturn Soviet jeeps. Friday night several thousand West Berliners demonstrated against the Communists. Angry crowds gathered today at two Communist pass offices newly opened in West Berlin.

The offices were set up at two elevated railroad stations, the zoo and Kreuzberg. The elevated lines are administered throughout the city by the Communists under four-power agreement.

West Palm Beach Lodge, he was elected its Exalted Ruler. DIRECTOR 20 YEARS

In 1937 Wall was elected vice president of the Florida State Elks Association and served two terms as President in 1942 and 1943. He has served for nearly 20 years as a member of the Florida Elk Association's Board of Directors. In 1944 he served as a member of the Grand Lodge State Associations Committee and then served two years as chairman of the Grand Lodge Ritualistic Committee. His outstanding record there brought him election as Grand Exalted Ruler in 1953 and in 1955 he was elected to a five-year term on the important Board of Grand Trustees.

Wall was born in Eufaula, Okla., in 1904. He is presently president of Wall Enterprises, Inc., a real estate and investments corporation. He is married and has two daughters and five grandchildren.

Auxiliary Makes Appeal On Bazaar

The Auxiliary of the Adams County Home today appealed for donation of articles to be sold at bazaar tables at the public supper to be conducted by the Auxiliary, September 16, from 4 to 8 p.m. at the Cashtown Fire hall.

Mrs. Edna Kuhn, general chairman for the event, said the supper and bazaar will replace the annual Christmas bazaar held by the auxiliary. WILLIAMSBURG FILM

The film, "Williamsburg—Story of a Patriot," will be shown Sunday evening at 8:30 o'clock on E. Cemetery Hill as the last of the series of "campfire" programs held on Sunday evenings during the summer by the National Park Service. Dr. Frederick Tilberg, park historian, said that if weather is inclement Sunday night, the program will be canceled.

The latest Red move posed the prospect of more trouble in the uneasy city. For years there has been a running East-West dispute over control of the elevated stations in the West.

The Western powers contend that only the rail tracks are under Red administration and that the platforms and booking offices are on Western territory.

As this new incident blew up the West police were already on alert for possible anti-Communist demonstrations.

A West Berlin police spokesman said special precautionary measures have been taken for "any (Continued On Page 2)

President Of Brazil Quits In Fury; Leftist Is Flying Home From Red China To Rule

By EDWARD T. BUTLER

RIO DE JANEIRO, Brazil (AP)—

Brazil was plunged into a crisis by the sudden resignation of President Janio Quadros, with touring leftist Vice President Joao Goulart flying home today to take over power.

Supporters of Goulart, 43, threatened a general strike in the country already beset by financial troubles if any attempt is made to block him from taking over the presidency if he wants to—and an aide says he does.

Goulart, a wealthy rancher who heads Brazil's Labor party, is flying from Singapore after touring Red China, where he sang the praises of Mao Tse-tung and accomplishments under the Peiping regime.

FRIEND OF REDS

Goulart favors the same foreign

policy for Brazil that brought

Quadros under attack—independent neutrality with friendship for all, including the Communist bloc.

The army and police kept a firm hold in the big country of 55 million, South America's largest, but factions were boiling up.

The resignation of the unpredictable Quadros Friday came with such suddenness it stunned the nation and plunged it into confusion over its future. Quitting a week short of seven turbulent months in office, Quadros declared: "I am beaten by forces against me." He accused forces inside and outside Brazil of fighting him but did not identify them.

STUDENTS DEMONSTRATE

Pro-Quadros student demonstrations erupted Friday night in at least three cities. A mob of 200 stone-hurling attackers smashed two windows and a front glass door of the U.S. Embassy in Brasilia, the capital, before militiamen drove them off with tear gas and rubber clubs.

Other students rioted in the Communist stronghold of Recife, port city on the Atlantic. In Rio de Janeiro, troops and police fired shots into the air and threw tear gas bombs to break up student demonstrators.

TO BURN CAMP MORTGAGE ON SEPTEMBER 10

The Adams County Girl Scout Council will hold an "open house" and mortgage burning ceremony Sunday afternoon, September 10, at Camp Happy Valley, near Fairfield, six years after the camp was opened in 1955.

According to plans made by the program committee of the county council, Girl Scouts and their families are asked to bring a picnic supper and spend the afternoon in camp. The general public is invited to attend the festivities. Included in the program will be a house blessing ceremony by the Seniors of Arendtsville, Biglerville and Bendersville. Slides of the 1959 Senior Round Up will be shown by the Littlestown troops. A complete round up unit under supervision of Miss Grace Myers, Gettysburg, will be set up at Camp Happy Valley in the same fashion as the units will be set up at the Senior Round Up in Button Bay, Vermont, in 1962.

The campsite was dedicated in September, 1955, by then State Senator Donald P. McPherson Jr. Each year since that time profits from the annual Girl Scout cookie sales have been used to improve and develop the site.

MANY IMPROVEMENTS

Through the cookie sales, \$3,000 on hand at the start of the project and a special campaign in 1958 for funds, the \$5,500 original purchase price has been paid off and \$18,000 worth of improvements have been made to the property.

The committee in charge of the "open house and mortgage burning" noted that the lodge has been completed with insulation and knotty pine paneling throughout; a modern kitchen, shower rooms and toilets, tent chests and craft cupboards have been installed. Plans are for construction of another 30 by 40 foot troop cabin to house 30 girls in the near future. A number of adirondack shelters have already been placed.

Since April, 567 girls and 128 adults have used the campsite for troop and primitive camping, and 563 Brownies, Intermediates and Seniors attended the day camps held through June. Troop camping will continue at Happy Valley through the month of October.

State Opens Bids For Road Building

The E. F. Goetz Construction Company of Chambersburg is the low bidder at \$102,467 for the construction of the 0.95 miles of roadway from the edge of Littlestown south toward Taneytown in Germany Twp. The State Highway department opened bids Friday at Harrisburg.

Clyde O. Garber, state highway maintenance superintendent here, said that the section originally had been listed for resurfacing this year but winter damage was so severe that it was scheduled for reconstruction on a contract basis.

The concrete section of the Littlestown-Taneytown Rd. in Pennsylvania already has been resurfaced by the All-State Hanover Company of Harrisburg. The section covered by that contract extended north from the Maryland line to join the section covered by the contract on which bids were opened Friday.

When the new construction work begins, a detour route will be set up.

RESIDENCE SOLD

Mr. and Mrs. Clair J. Clapsaddle, Arendtsville, have sold their former home on N. High St. in Arendtsville to Mr. and Mrs. Nevin C. Epley, Littlestown R. 1. Immediate possession will be given. The sale was made by William A. Bigham, local realtor.

MAKE APPEAL FOR DONATIONS TO HOSPITAL

Additional subscriptions received since the close of the Warner Hospital campaign on July 10 have swelled the total subscribed toward the \$350,000 surgical floor fund to \$284,461.34.

An amended report of the campaign committee shows that \$58,453.26 was subscribed by the public; \$100,868.26 in memorial gifts; \$84,490.00 from corporations; \$35,000 from the hospital Medical staff and \$5,649.86 from the hospital employees.

Attorney Richard A. Brown, who headed the fund drive, urged those who have not contributed or were not called upon to make their contributions to his office. He also urged campaign workers who retain cards to complete their calls.

MANY UNHEARD FROM

"While we can only praise the performance of the various teams participating in the campaign, it is obvious that there are many in every category—the regions comprising the public campaign, memorial gifts and corporations—who have not been called upon and who have not subscribed. Upon their response to this public need and public duty, depends our success in reaching our goal."

Brown said Attorney S. M. Rappenger and Mrs. John D. Teeter, co-chairman of the public campaign, will call team captains together in the very near future in an effort to secure completion of the calls. Likewise, he said, Richard Livingston and Henry M. Scharf, chairmen respectively of the corporation and memorial gifts committees, will be asked to endeavor to secure total participation among their groups.

Secretary of Defense Robert S. McNamara announced the call to active duty at a news conference late Friday.

Army and Air Force National Guard and reserve units that were alerted two weeks ago to possible duty are now being called up, he said. Navy men needed to man ships being added to the fleet also are being ordered to report.

YOUTH WINS ON CAR MODEL

Kenneth Bigham, 16-year-old son of Mr. and Mrs. C. Kenneth Bigham, 40 N. Stratton St., Wednesday was named first place winner in the open division of an eastern states model car building contest. The judging took place at the New Jersey State Fair.

The local youth and the winners in the two other divisions of the contest will leave Monday morning by jet airliner from Philadelphia International Airport for Detroit where they will tour the factories which produced the equipment for the models used to win the contest and will also tour the Ford and General Motors plants at Detroit. The three youths will return to Philadelphia by jet Tuesday night.

Bigham's entry was one of thousands in a contest conducted by the Mid-Penn Hobby Dealers Association, an affiliate of the Hobby Industry Association of America.

Bigham won first in a contest held by Gilbert's Hobby Shop here, then won a state contest to enter the Eastern States competition which ended with the judging at the Jersey fair.

Bigham won the prize with a customized 1932 Ford model. The youth took a standard model kit for a 1932 "Classic" car and changed the design to develop a different type of car. He won the Pennsylvania state championship at Allentown August 15.

eventuality." Police worried that with most workers off for the weekend, thousands may take to the streets to demonstrate their disgust over Red threats to their freedom.

There was fear that the Berlin crisis would take a sharp turn for the worse if crowds got out of control.

FORCES ARE ALERTED

"The people are restive," said a police spokesman. "We have alerted our forces and will be on guard."

He said demonstrations along the border Friday night were interpreted by police as foreboding more trouble today.

Several thousand angry West Berliners had cursed the Communists across the fences and walls, and the Red police retaliated with tear gas and water cannon.

Incidents were reported from at least four points along the 25-mile border dividing the city. At one point a crowd of 1,000 West Berliners jeered Red guards and shouted "Down with (Walter) Ulbricht!" the bearded Communist boss of East Germany.

REPORT COPI INJURED

East Berlin police claimed hundreds of West Berliners had thrown rocks at another point and seriously hurt a policeman.

East Berlin police headquarters claimed the West Berlin Senate had instigated the rock throwing and warned against any further "provocations."

Much of the growing anger among West Berliners seemed to be caused by apparent Communist preparation for further infringements of the city's freedom.

The Reds have threatened to interfere with rail lines linking the city with the West 110 miles away and with the civilian traffic in the Allied air corridors.

EYE CIVILIAN AIRLINES

Andrew Smirnov, the Soviet ambassador to Bonn, Friday night said all Western civilian airlines flying into Berlin must be subjected "as soon as possible" to Communist East German control. Passenger airlines in and out of Berlin are Pan American, the British European Airways, and Air France.

The Soviet Union in a note to the United States has charged that spies, agitators and saboteurs are being ferried into West Berlin through the Allied air routes.

SENTENCED ON

(Continued From Page 1)

order against Lawrence E. Baker was continued to September 2 to permit working out of a settlement. Baker was told that the allotment from the army to his wife, while higher than the support order against him, did not automatically pay up an arrearage because the allotment superseded the local court order. As a result he must seek a settlement of the arrearage.

\$35,000 Fire At Canning Plant

Fire attributed to a bolt of lightning destroyed a two-story concrete block equipment maintenance building at the Hanover Canning Company, about two miles east of Hanover along the Spring Grove Rd., Friday morning.

The loss, partly covered by insurance, was estimated at \$35,000 by Marlet Frey, secretary-treasurer of canning company.

The blaze was discovered about 6 a.m. and members of the Parkville, Goodwill, Friendship and Porter's Siding fire companies were called to the scene.

Firemen said the building was totally engulfed in flames and parts of the upper end walls had fallen upon their arrival.

Two tractors, a corn planter, a quantity of seed and all maintenance repair tools were destroyed in addition to the building, which was about 40 feet wide and 90 feet long.

LACK OF FUNDS, TOUGH TACTICS RUINED JANIO

Janio Quadros is an unpredictable but shrewd politician. Tom Masterson, AP bureau chief in Brazil, got a good insight into Quadros' maneuverings in covering his rise to the presidency and after taking over. Here's his view of why the man even Brazilians profess not to understand quit.

By TOM MASTERSON

RIO DE JANEIRO, Brazil (AP)—A Brazilian standing on a Rio de Janeiro street corner just two hours before Janio Quadros resigned as president was shouting: "Give Janio a chance!" he cried. "We Brazilians vote for a man. Then as soon as he gets into power, we start knocking him down."

His remark explained—perhaps even more than Quadros' own resignation statement—why Quadros resigned after only seven months in office.

FUTURE WAS BLACK

It is now clear Quadros quit because his back was to the wall. To Quadros the future looked bleak. Obviously he saw no immediate prospect of fulfilling his promise to lift Brazil out of financial chaos and make it a world power with a strong voice in the international struggle.

Many political experts say it was Quadros' own fault that he appeared headed for failure. He had promised too much; he had tried to do too much too fast.

Right or wrong, it also is clear Brazilians themselves were partly at fault—just as the man standing on the street corner said.

To easy-going Brazilians Quadros' tough and demanding tactics brought only resentment. Even his own men began dragging their feet. Some of his staunchest supporters turned violently against him.

Divorce Complaint Dismissed Today

The Adams County court today handed down an 18 page opinion in which it overrules the exceptions to the report of the master in the divorce action brought by Mrs. Eleanor Zimmerman, Gettysburg R. D. against Eugene Walter Zimmerman, owner of the Holiday Motels and decrees that Mrs. Zimmerman's "complaint in divorce be dismissed."

The court held that "in this case we are not satisfied that the plaintiff has produced evidence that is clear and convincing that discloses compelling reasons for the granting of a divorce. Most of the case is made out by the plaintiff's uncorroborated testimony which is contradicted and shaken by that of the defendant."

The 4-cent stamp, marking the 50th anniversary of the first successful workmen's compensation legislation, will be placed on sale at Milwaukee, Wis., on September 4. Postmaster Charles W. cally dumped the presidency into Goulart's lap. But there was some speculation that Quadros, a shrewd politician with a flare for dramatics, had quit merely to gather more public support than he had for his landslide election victory last year. Then he got 4,300,000 votes—more than anyone in Brazilian history.

REVOLT SPREADS

Since then his overtures to the Soviet Union and friendly gestures toward Fidel Castro's Cuba have stirred a growing revolt against him.

Growing economic distress in Brazil had contributed to the mounting opposition, with many of his supporters in the 1960 election campaign turning on him. Although favoring a policy that included accepting aid from the United States, Quadros went out of way to show friendship for Castro's Cuba and drew closer to the Soviet Union.

Quadros was about to resume diplomatic ties with the Soviet Union, broken in 1947, and opposed any U.S. attempts to put pressure on Cuba.

Quadros made his exit quietly and flew to his home city of Sao Paulo, where he got his start as a teacher and lawyer before entering politics.

The crisis broke within a week after the controversial visit to Brazil of Cuban economic czar Ernesto Guevara. Quadros received Guevara and decorated him with one of Brazil's highest honors.

Emmitsburg Car In Crash Thursday

Three Carroll County residents were injured, two seriously, in a crash Thursday about 11 a.m. on U.S. Rt. 140, about 100 feet east of the Baltimore-Carroll County line.

Police said a car driven by Oliver Russell Fair, 75, Finksburg, struck the rear of an automobile operated by Beatrice Patricia Myers, 2 E. Main St., Emmitsburg, pushing her 30 feet into a guard rail. State police said the accident occurred when the Myers vehicle slowed for a stop as Fair was preparing to pass.

Treated at the scene and removed to Sinai Hospital, Baltimore, were: Oliver Russell Fair, the driver, for cuts of the nose, face, a fractured knee cap and fractured ribs, whose condition was listed as fair this morning; Annie E. Fair, 77, Finksburg, an occupant of the Fair vehicle, who suffered cuts of the face and tongue, fracture of the leg and several ribs and possible internal injuries. Her condition was also listed as fair. Another occupant of the Fair vehicle, Charles Fair, 40, Finksburg, suffered deep cuts of the forehead and right arm and was released from the hospital following treatment. Miss Myers was taken to a Westminster physician and was treated for a sore neck.

No estimate of the damage was given by Trooper H. L. Zepp, Maryland state police, who said charges are pending further investigation.

EIGHT BOATS IN GOLD CUP RACE

RENO, Nev. (AP)—Speedboat racing's new series opens today at Pyramid Lake where at least eight roaring hydroplanes compete for the Gold Cup and \$35,000 in prizes.

When it looked Friday night as though only four would win entry into the big race at the lake 33 miles northeast of here, officials altered the rules.

First they made 90 miles per hour the qualifying speed instead of 100 and then they added three more hours of qualifying time today.

Those still not qualified, even with the changed rules, were defending champion Miss Reno, Seattle Too, Fascination, Fascination II, and Cutie Radio.

Earlier qualifiers were Miss U.S. I from Detroit at a 110.66, the Seattle boats Miss Bardahl at 108.072 and Century 21 at 107.712 and Miss Spokane at 103.647.

Finals races are scheduled Sunday with the final placings determined on a point system after each boat has competed in three heats of 30 miles each.

NEED TOUGHER LAWS TO GET RACKETEERS

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., today added up the first week's testimony before his racketeers subcommittee and said new, tough laws are needed to get at "the big wheels, the brains of organized crime."

The hearings before McClellan's Senate investigations subcommittee will resume Monday. He said they will feature more testimony on big-time illegal gambling ranging from Miami, Fla., to Delaware, before switching to another underworld axis—from Chicago to East St. Louis, Ill., Little Rock and Hot Springs, Ark., and New Orleans, La.

Jerome S. Adlerman, subcommittee counsel, and McClellan set Thursday as a target date for winding up this round of inquiry. At a second round later in the year, McClellan said, some of the underworld's most notorious names will be called as witnesses. But whether they will have much to offer was questionable.

3 USED 5TH AMENDMENT Three witnesses invoked the Fifth Amendment to the Constitution Friday, refusing to answer questions on grounds their answers might incriminate them. Former Miami policeman Elum (Bill) Caudell, named in testimony as allied with gamblers, was among those pleading the Fifth Amendment.

Under questioning from McClellan, Caudell refused to reply when asked if it was true that he is a master at pilfering information from race tracks and feeding it to clandestine wire services—a practice in violation of Florida law.

PLAY FOR L. L. TITLE TODAY

WILLIAMSPORT, Pa. (AP)—El Cajon, Calif., and El Campo, Tex., who meet today for the Little League World Series Championship, are two teams with similar problems.

Both have depleted their pitching staffs and both have managers whose sons are stars of the club.

Woodrow Winfield, manager of the El Campo team, has two offsprings playing under his wing—Mike, 11, in left field, and Woodrow Philip Jr., 12, at shortstop.

The latter probably will be replacing starting pitcher David Vavilavik after the fourth inning because Vavilavik will have used up his eligibility. Little League rules specify that a pitcher can't work successive games or more than 12 innings a week. Vavilavik pitched eight innings in the first game against Terre Haute, Ind.

The El Cajon team has co-managers, each with a player on the squad. They are Don Dolan, an air line pilot, whose son, Jim, is the shortstop, and Jim Pursley, a civil service worker, whose boy, Rick, plays center field.

Mike Salvatore will open on the mound for El Cajon but can pitch only five innings because he already has used up seven. His replacement will be Mickey Alasandro.

INDIAN HEAD, Md. (AP)—

Parts of the victims bodies were scattered over a 500-foot area. The building was virtually destroyed. Damage was estimated at \$200,000.

Cause of the blast was not known immediately.

A Navy spokesman said research in manufacture of high-energy propellants was being conducted in the building where the blast occurred. Those killed were the crew working in the building at the time.

TWO GOLFERS TIED WITH 137

AKRON, Ohio (AP)—Bob Goalby and Jay Hebert, tied with 137s at the halfway mark of the \$50,000 American Golf Classic, held different views as to what the winning total would be after 72 holes Sunday.

Goalby, the classic's only golfer to put together a pair of subpar rounds, said he didn't believe par would be good enough to win the top prize of \$9,000.

He shot an opening round of 68, then came in with a 34-35 Friday. Hebert, who won the 1960 PGA championship on the same course with a 281, one over par, added a 34-33-67 to his first-round 70. He predicted 280 would win the tournament.

PLAYER IS 3RD

Hebert, 30, who plays out of Miami, Fla., had a round of beautiful consistencies with 15 pars and 3 birdies.

Despite their 137s after 36 holes over the 7,165-yard Firestone Country Club course, the leaders were being pressed.

Masters champion Gary Player reeled off a blistering 33-34-67 and was only one stroke behind with 138. Tied with the star from South Africa was Frank Boynton of Corpus Christi, Tex. Boynton, after a first-round 68, dropped an 84-foot birdie putt on the 18th green for a 36-34-70.

Steve Barringer Wins Trapshoot

VANDALIA, Ohio. (AP)—Pressure from his father-in-law forced Steve Barringer of Russell, Kan., into the trapshooting game three years ago, and today the 26-year-old petroleum engineer is the clay target champion of the world.

The class C novice did it with a flourish Friday as he broke 99 of 100 from 20 yards to take the 62nd Grand American Handicap title from a field of 2,353, third largest in the event's history.

The new champion's father-in-law, Carl Friesen, urged Barringer, who up to that time had never seen a clay target, to get into the shooting game with him. Steve fired practice rounds for a couple of years, got into the registered target phase this year and made his first trip to "the Roaring Grand."

"The people of the area serviced by the Warner Hospital know that the need for the new surgery was immediate. Our campaign for funds was tied to the completion of this magnificent facility for the simple reason that the urgency of providing it compelled it to be that way."

The campaign chairman explained that the hospital indebtedness for the new structure is secured not by the assets of the hospital which he described as "certainly not liquid or marketable assets," but by the "citizenship of the community served by the hospital."

Attorney Franklin R. Bigham, president of the hospital, said that the new surgery will go into service "within a week."

"The equipment, various apparatus including humidity and temperature controls have been undergoing tests conducted by sub-contractors and consultants. All adjustments have been made and it is anticipated that the change over from the 40-year surgery to the magnificent new surgical facilities will take place next week."

"Of course not." Second Secretary Ivan P. Azarov said Friday. "We rely completely on the American government for protection."

JEWEL ROBBERY

ADAMS COUNTY PUBLIC LIBRARY

By MRS. W. R. SCHUBART

Because a Gettysburg resident is now Ambassador to the Netherlands, Adams County Library readers will welcome a particularly good book on Holland called "The Netherlands in Photographs." Besides many fine pictures, the book carries excellent written description in four languages.

If you are interested in languages you may like an unusual book by Mario Pei of Columbia University. In "Talking Your Way Around the World," the author outlines characteristics of the world's great languages, guides pronunciation, demonstrates useful colloquial phrases, and, in general, makes the readers feel a little more at ease with foreign tongues.

BOOK ON PETS

If your taste runs to mathematics, you might like to sample for practice and pleasure a book called "How To Use Algebra in Everyday Life." The authors speak of algebra as a language or a kind of shorthand which should be used more often, and they show you how to save time and effort in applying elementary algebra to many common situations.

Several library users, who are also pet owners, have requested a volume, now available, called "Common Sense Book of Puppy and Dog Care" by Harry Miller. Not only does it give all the training rules, but also the book illustrates and describes many breeds as a guide to the selection of a pet.

Preparation for fall activities may send you scurrying to study "Gore's Winning Partnership Bridge." The famous expert tells how to interpret your partner's (legitimate) signals, and how to cope with bad players. Sounds like inside dope.

BOOK ON POLITICS

Budding politicians can get practical advice from "How To Run For Office" by James Erle. This book aims to encourage good people to run for elective offices. It describes how to avoid amateur pitfalls, how to finance a campaign, and there is even a chapter on running school campaigns.

"The Cokesbury Marriage Manual" is handy for prospective brides to refer to, for it repeats verbatim the marriage services used by various religious denominations. A golden wedding service is included, and at the end of the book is a brief tabulation, by states, of the laws governing marriage and divorce.

Kennedy Rests At Summer Home

HYANNIS PORT, Mass. (AP)—President Kennedy planned to rest today but told his aides to keep him informed on any major international developments.

Kennedy had no formal appointments but brought a stack of official documents from Washington to peruse during his ninth consecutive weekend at his seashore home.

In addition to the First Lady and their two children, other relatives on hand included his brother, Atty. Gen. Robert F. Kennedy; a sister, Pat Lawford, and her husband, actor Peter Lawford; two other brothers-in-law, R. Sargent Shriver and Stephen Smith; and several nieces and nephews.

FACES THREE CHARGES

PHILADELPHIA (AP)—Andrew Sekellie, 39, of Camden, N. J., faces charges of burglary, larceny and receiving stolen goods.

Sekellie was arrested Friday and accused of two burglaries last Monday at Mount Carmel, Pa.

He was questioned by police in connection with the burglary of an auto supply store and the Moose Club in Mount Carmel.

76,500

(Continued From Page 1)

When the beefing-up is completed, the Army will have 1,008,000 in uniform, the Navy 657,000, the Air Force 838,227, and the Marine Corps 190,000.

No Marine Reservists are being called, McNamara said, because the corps is getting an adequate number of volunteers to build its strength.

REPRIEVE FOR OTHERS

With the direction to 76,500 men to get ready for service, there was a reprieve for others. The Defense Department decided that about a score of Army and Air Force units that had been alerted for possible duty now are not needed. It informed those units they were off the list.

Earlier in the day the Navy announced its ship-building program for the current fiscal year, which ends June 30. During that time 52 new ships will be under construction, and 22 others will be undergoing conversion through modernization.

Some of these ships will not be ready for the sea for months and even years.

150 Local Elks With Two Bands To Be In Parade: One of the largest and showiest delegations in the state Elks convention parade in Williamsport Thursday afternoon will be the Gettysburg Elks. This unit of the parade is expected to take up an entire city block by itself, with its marching unit, two bands, two floats and automobiles for older members of the local lodge who are unable to march.

The big turnout of the Gettysburg lodge is a testimonial to E. Earl Pitzer, Aspers, member of the local lodge, who is slated to be elected president of the Pennsylvania State Elks association Tuesday morning. Mr. Pitzer will be installed and deliver his acceptance speech at ceremonies Thursday morning preceding the parade, which is scheduled for 2 p.m.

\$8,000 Blaze in York Springs On Saturday: York Springs new fire engine dedicated Friday night, was called into action Saturday night to fight a fire at the farm of W. O. Lawhorn, four miles north east of York Springs. Damage at the Lawhorn farm totaled \$8,000. A barn was destroyed, as were two outbuildings, 500 bales of hay, several pieces of farm machinery and a number of chickens.

York Springs Fire Chief James McCauslin said the fire was discovered by children who summoned E. W. Westfall, son-in-law of the owner of the farm. Neighbors had to travel more than a mile to a store to report the conflagration and as a result the flames gained much headway before the firemen were summoned. Using the new pump's booster tank, the firemen poured sufficient water on the farm house to prevent the flames from engulfing it as well as the barn.

Select Queen For Home Work In Emmitsburg: Miss Mary Fiery, daughter of Mr. and Mrs. Victor Fiery, of Emmitsburg, was selected today as the queen of Emmitsburg's Old Home Week and carnival, which opens Thursday evening.

Miss Fiery received the highest number of votes cast by the 12 judges, and will be crowned in ceremonies in the Emmitsburg square at 6 o'clock Thursday evening, just prior to the parade which opens the celebration.

THWACKS

There are those who seem to have flirited unsuccessfully with the moods of the world and to have arrived at the prudent age almost through instinct. But the majority of us all seem to require the thwacks of experience to give us sense and alertness.

As a boy I used to look up to, idealize, those who seemed to have inherited prudence and wisdom. Like Hebe, who my mythology says sprang full bloom in all her freshened youth from the arms of a seashell, I looked upon the wise eyes of those who came to my father's house.

I have since learned that wisdom and prudence aren't so easily born into maturity — that they often, and in most cases, arise as products of the direct sort of experiences that years alone are able to mellow and mold.

Thwacks — hard thwacks. And thwacks and more thwacks. To me this is the history of the wise man who has learned and grown. I am glad of this. When I have wanted advice I have always gone to those who have known experience and who have had hearts big enough to understand. Troubles are largely a thing of youth. Problems belong to maturity.

Wouldn't it be a strange and uninteresting world without something to discover, something to solve, something to learn through bitter experience, troubled sleep and anxious waitings?

Thwacks are as necessary as bread and butter. You wouldn't enjoy your repast without them. So it is that life goes. Let us go with it bravely and do our tasks in good part learning to "never mind" as we go along.

Just Folks

A PATRIOTIC CREED

To serve my country day by day
At any humble post I may;
To honor and respect her flag,
To live the traits of which I brag;
To be American in deed
As well as in my printed creed.

To stand for truth and honest toil,
To till my little patch of soil;
To keep in mind the debt I owe
To them who died that I might know

My country, prosperous and free,
And passed this heritage to me.

I must always in trouble's hour
Be guided by the men in power;
For God and country I must live,
My best for God and country give;

No act of mine that men can scan
Must shame the name American.

To be my best and play my part,
American in mind and heart;
To serve the flag and bravely stand

To guard the glory of my land;
To be American in deed,
God grant me strength to keep this creed.

Tank Of Liquid Oxygen Overturns

POTTSTOWN, Pa. (AP)—A tank truck carrying liquid oxygen struck a barricade and overturned along Route 183 about five miles west of here today, injuring the driver, Thomas Lackney, of Philadelphia.

Lackney was taken to Pottstown Hospital. The extent of his injuries had not been determined.

Lackney told state police and North Coventry Township authorities that lights of an approaching car blinded him, causing him to swerve his truck and lose control. As a precaution, police evacuated residents of the area. Traffic was detoured until the truck was moved.

Police estimated damage to the truck at about \$5,000.

HITLER MOVIE SHOWS MAJOR LIFE EVENTS

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—There they were, the whole Hitler gang—Goering, Goebbels, Himmler, Streicher, Bormann, Strasser, Jodl, Keitel and Adolf himself with girl friend Eva Braun.

The gruesome bunch was holed up in Der Fuehrer's Berchtesgaden Aerie overlooking the Bavarian Alps. They were once again plotting new conquests as Hollywood was preparing to cash in on the revival of interest in the Nazi chapter of world misery.

Allied Artists is making a film called "Hitler." Notably missing from the cast is Rudolf Hess. He is still alive and hence might sue for invasion of privacy. The film company is taking a chance on the missing Martin Bormann. In fact, the studio would be happy if he turned up to file suit.

BASEHART PLAYS HITLER

The film's Hitler is Richard Basehart, and the transformation is amazing. I found him sitting in a corner of the set, as if shunned by his fellow men. Actually, he was saving his voice. "This is the roughest role I've ever had," he croaked hoarsely. "I'm shouting at the top of my voice most of the time, even when I'm making love."

Love, or lack of it, plays a major role in the film, Basehart disclosed.

"We'll show the major events of Hitler's life, from the beer hall putsch in the early '20s to his death with Eva Braun in 1945," the actor said. "But the major aim of the picture will be to show what kind of a man he was."

And what kind of a man was he?

"Apparently a very mixed-up man with megalomania, an Oedipus complex and all kinds of problems," said Basehart.

SEEKS DATA ON GAMBLING

PHILADELPHIA (AP)—U. S. Atty. Joseph S. Lord III says he plans to confer with the U. S. Internal Revenue Service here to find out what evidence it has concerning alleged gambling activities in the Philadelphia area.

The witnesses before a Senate subcommittee testified Thursday that Philadelphia, Pottsville, and Pittsburgh are among the centers of illegal horse race layoff betting in the United States.

At the same time, Edgar A. McGinnis, Philadelphia district director of the IRS, said his office is investigating alleged gamblers and racketeers suspected of being income tax violators.

The Senate testimony was given by Harold Wallace, a special agent of the Internal Revenue Service.

Wallace said the men who made or received the layoffs bets in Pennsylvania were Abe Glassman of Philadelphia; Matt F. Whitaker of Pottsville and Theodore V. Michenzi of Pittsburgh.

Young Builds Gettysburg High Grid Squad Around 12 Returning Lettermen

A little more speed, a little more weight, and a little more spirit—that's the formula that head coach Don Young would like to put together out of 42 Gettysburg High School youngsters who have been attending pre-season two-day football practice sessions this week at the high school.

With 12 lettermen returning, Young is building the nucleus of his squad around these men. Pre-season indications show that some of the personnel will be shifted to other positions to strengthen a new offense, the split-T, which the staff plans to display September 8 when the local gridgers play host to Westminster.

The returning lettermen include: backs, James Davies, Thomas Duane, James McClellan and Richard Utz; end, Gary Nett; centers, John Holoka and Ed Zeigler; tackles, Ron Doaks, Dave Coshun, Larry Eckerts and Ed Hofe, and guard, Paul Plank.

MOVES PLAYERS

Last year's third-string quarterback, Johnny Longenecker, has been shifted to guard while John Holoka has been transferred from guard to center. Paul Plank heads a formidable line of guards, a position that should cause Young very little worry.

Ed Zeigler, a returning letterman will be available to help Holoka at the center spot. Another strong point of the team is that of tackle, where the coach has four lads who average out to 176 pounds.

Ends will present a big problem with only Gary Nett, a 150-pound senior, returning. Nett saw only limited duty last season, being an understudy to Don Waddell and Bog Ecker. A promising candidate for this slot is junior Bob Beeler, who tips the scales at 185 and is 6'2".

Rounding out a starting backfield will present headaches, even though there are four lettermen. At quarterback, Young has dependable Tom Duane and Jim Davies, both of whom can fill the spot needed for the new split-T offense. Other early season standouts are Jim McClellan, who suffered a broken collar bone last year, Dick Utz and Larry Mickley. Fullback will be Young's question mark. Several candidates have been tried in that position with sophomore Joe Riley looking good at several times.

There is not too much speed in the backfield, Young said, but he hopes the boys will make up for that with determination and spirit.

The team has been working out twice a day at the high school, eating lunch in the cafeteria. Skull sessions are for a half hour and then the gridgers go onto the field for contact work and drills.

Defensively, the team will use a six-man line with two back-ups, and three deep men, with the safety men a few yards behind the two halfbacks.

GROOMED AS KICKERS
Paul Plank will again handle the kick-off duties while Ron Doaks is expected to be the extra-point man. He has yet to find a good punter, although Jim Davies shared that chore last season.

Assisting Coach Young are Carl Schoenborn who will handle line-coach duties; and Charles Lilly, assistant line coach and head JV mentor. Donald Bickel will coach the junior high squad assisted by Pat Kelly.

Senior manager this year is James Fox. Assisting him is "Snuffy" Smith, Ken Shindler-decker and Bob Britcher.

Young plans to hold double practice sessions until September 8.

BRAVES NEED GOOD HURLING

PHILADELPHIA (AP)—"If we get good pitching we'll be up there close."

So spoke Manager Charlie Dressen today about his Milwaukee Braves' chances in the National League pennant race.

The Braves didn't get the good pitching in the first game of a two-night doubleheader against Philadelphia Friday night but they improved in the second game and batted out 21 hits to exchange a pair of 9-4 decisions.

The split left the Braves in fourth place in the National League, seven games out of first. Dressen, referring to first game loser Carl Willey who gave up six hits and five runs in three innings, said "his last two games have been bad after five good ones."

"He'll make a good pitcher," Dressen said of Tony Cloninger, the \$100,000 bonus baby who beat the Phils in the nightcap despite giving up home runs to Tony Gonzalez, Bobby Malkmus and Elmer Valo. Cloninger went the distance for the first time this season in gaining his fifth victory against two defeats. He struck out nine.

EAGLES WHIP DETROIT 23-14

DETROIT (AP)—Veteran place-kicker Bobby Walston of the National League champion Philadelphia Eagles still has the magic touch in his right toe.

Walston kicked three field goals of 24, 22 and 24 yards and added a pair of conversions for the margin of victory Friday night as the Eagles defeated Detroit 23-14 in an exhibition game. It was the Eagles third straight pre-season victory.

King Hill and Sonny Jurgensen, battling for the Eagles' quarterback slot, shared the duties and each tossed a touchdown pass.

Hill connected on a 31-yard toss to Clarence Peaks just four minutes after the game opened. Jurgensen hit Pete Retzlaff with a 59-yard touchdown pass in the third quarter to erase a 14-13 lead the Lions had taken on a 43-yard TD run by Hopalong Cassidy earlier in the period. After Jurgensen's heave, the Eagles never were headed.

In all the Eagles gained 271 yards by passing.

OILERS WHIP TITANS 30-20 FRIDAY NIGHT

By MIKE RATHET
Associated Press Sports Writer

Take 'em away from the swaying palm trees, and the American Football League champion Houston Oilers will play the aggressive game Coach Lou Rymkus insists on from his troops.

That's exactly what happened Friday night as the Oilers whipped the New York Titans 30-20 in an exhibition at Greenville, S.C., and vindicated Rymkus' blast at the Houston management for their generosity in sending the team to Hawaii.

"We found it hard to think football around the palm trees," said an angry Rymkus last week when he brought his crew back from the 50th state after an unimpressive two-game stand. "A preseason camp has to be hard, and you have to work hard. You can't do it in a place like Hawaii."

TEXANS WIN AGAIN
Apparently you can do it in Greenville, where quarterback George Blanda tossed an 83-yard touchdown pass to Bill Groman and kicked three field goals while the Oilers evened their preseason record at 2-2.

The Dallas Texans kept their record unblemished by winning their fourth straight, 29-27, over the Denver Broncos, and Boston kept Buffalo winless by thumping the Bills 28-10.

In the National League, the champion Philadelphia Eagles handed Detroit its first loss and remained unbeaten with a 23-14 triumph over the Lions, and Cleveland's Browns defeated the Los Angeles Rams 34-17.

Has Trouble Losing His Foreign Auto
MEMPHIS, Tenn. (AP)—Southwestern student Don Eyles Jr. thought he had seen the last of his aggravating little foreign car—but it turned up again.

Police fished it out of the Mississippi River last Monday. Diligent police work traced the car to Eyles, who looked at it and sighed.

Yes, it was his, he said, but he had pushed it over a bluff during a fit of rage and wanted no further part of it.

Police will keep the auto 30 days, then sell it at auction. No charges were filed.

Sanford Stephens of Minnesota set a Big Ten record last season when he caught three interceptions in the game against Wisconsin.

SP Playoffs Open Sunday

Arendtsville and Littlestown will be the sites for the opening games Sunday afternoon at 2 o'clock when the South Penn Baseball League opens its annual post-season playoffs between the top four teams in the final standing.

Arendtsville, regular season champ, will host third-place Fairfield, while Littlestown, second place, entertains Hunterstown, fourth place team.

Each series will be a best-of-three affair with the winners of the semi-finals meeting in another best-of-three set for the championship.

Arrangements for the playoffs were made Friday evening at a meeting of team representatives at the American Legion Home. Robert Krichen, league president, presided.

MEET IN TITLE ROUND TODAY
TACOMA, Wash. (AP)—Phyllis Preuss, a slim Florida blonde who never has won a major tournament, met former champion Anne Quast Decker of Seattle today in the 36-hole final of the USGA Women's Amateur Golf Tournament.

Miss Preuss, 22, whipped the sentimental favorite in Friday's 18-hole semifinals Roberta Albers, 14-year-old sensation from Tampa, Fla., was beaten 2 and 1 by her rival from Pompano Beach, Fla.

Mrs. Decker, 23, whose brilliance in this tournament has almost amounted to monotony, defeated Mrs. Gaines Wilson Jr. of Louisville, Ky., 5 and 4. Mrs. Decker won the title in 1958 and now stands four under par after six winning matches in her campaign for the 1961 championship.

While Miss Preuss played steady golf, Miss Albers made the decisive mistakes. They were even after nine holes but Roberta three-putted to lose the 11th and missed a two-foot putt which would have pulled her even on 14.

When Miss Albers hit short and missed a 12-foot putt on the 17th, Miss Preuss quietly tapped in a two-footer to end the match.

JAY SIGEL WINS GOLF TOURNEY

DENVER (AP)—Dark-eyed Jay Sigel's golf philosophy is to play 'em safe. He did just that Friday to unnerve his lone rival and win the 16th annual International Jaycee Golf championship by an 11-stroke margin.

The 17-year-old swinger from Narberth, Pa., fired a three-under par 69 and finished with a 279 total, nine under par for 72 holes.

The affable youngster, a 6-foot, 175-pounder, entered the final round in the same threesome with Marty Fleckman of Port Arthur, Tex. They were tied at the time, each with 210.

Cautious and steady, Sigel dropped a 15-foot birdie putt on the second hole of the 6,620-yard, par 72 Wellshire Municipal Course and never took off the pressure. Fleckman soared to an 80 and tied with Bill Costell of Kingston, N.Y., at 290 in medal play.

In a playoff to determine the runnerup spot, Costello had a par 3 on the second hole while Fleckman took a bogey and wound up third.

DODGERS END LOSING STREAK AT TEN GAMES

By ED WILKS
Associated Press Sports Writer

Duke Snider drove in two runs with a triple and a clinching home run as the Los Angeles Dodgers ended their losing string at 10 with a 7-2 victory at Cincinnati Friday night and moved within 2½ games of the first-place Reds in the National League race.

San Francisco, in third place, stayed five games behind as the Giants, after winning six straight, lost their second in a row, 7-3, at St. Louis. Pittsburgh defeated the Chicago Cubs 1-0, and Milwaukee and Philadelphia split 9-4 decisions in a two-night pair.

HOWARD BELTS 2
Snider's slugging, making up for an 0-for-4 performance when he was moved into the lineup by Mgr. Walt Alston Thursday night, was matched by a pair of home runs by Frank Howard in the Dodgers' 11-hit assault on Bob Purkey (14-9) and two relievers.

The Giants collapsed en masse at St. Louis. The Cards tagged Billy O'Dell (4-5) and two relievers for 13 hits and had the added help of three San Francisco errors, a wild pitch and a passed ball. An error, a walk and three singles counted two runs with two out in the fourth. Southpaw Ray Sadecki (12-6), who singled across the deciding run, gave up six hits and struck out eight.

A sixth-inning home run by Roberto Clemente backed right-hander Tom Sturdivant (3-1) of the Pirates in his duel with Don Cardwell (11-11). Sturdivant gave up six hits in gaining his first NL shutout. Cardwell allowed only five hits.

Apex Hanover Wins Brandywine Feature
WILMINGTON, Del. (AP)—Apex Hanover, owned by Roy Cleveland, of Camp Hill, Pa., stormed home Friday night a neck winner in the \$16,650 George Wilkes, richest 2-year-old trot for colts and geldings ever held at Brandywine Raceway.

The son of Star's Price squeezed out victory over Paris Dean, owned by Willard C. Beach, of Glen Rock, Pa. Harry Pownall's Maneuver was third.

The winner, chalking up his third victory in eight starts, raced the mile in 2:09.35 for his fastest time on a half-mile track, and returned \$12.40.

Cincinnati Louisville and Detroit-Cleveland were the scheduled contests. Pittsburgh drew a bye.

In Friday's action, Cleveland broke a 5-5 tie and went on to clobber Pittsburgh 20-5. Pittsburgh conceded the game at the end of six innings.

Kenny Lewis hurled a three-hitter in leading Louisville to a 4-0 elimination victory over Youngstown, Ohio.

Detroit racked up six runs in the eighth in eliminating Altoona 10-3.

YANKS BEAT KANSAS CITY; DETROIT WINS

By ED WILKS
Associated Press Sports Writer

Roger Maris and Mickey Mantle again failed to hit a home run, but the New York Yankees retained a two-game lead in the American League race with a 3-0 victory at Kansas City Friday night behind the five-hit pitching of Ralph Terry.

Second-place Detroit won 6-0 at Washington with Jim Bunning limiting the Senators to two singles in a game held to eight innings by rain.

Third-place Baltimore beat Minnesota 5-2, the Chicago White Sox defeated Cleveland 3-2 in a battle for fourth place, and Boston won 12-6 at Los Angeles, peppering the Angels with four home runs.

WINS 6TH IN ROW
The Yankees broke a scoreless duel after Jim Archer (8-10) hit Maris with a pitch leading off the fourth inning. Maris scooted to second on Mantle's fly to deep left and then came in on Bill Skowron's single. The other two runs came in the ninth on singles by Mantle, Elston Howard, pinchhitter Yogi Berra and Terry, who won his sixth in a row for an 11-1 record. Terry has a string of 22 scoreless innings.

Bunning (15-9), a lean right-hander, didn't allow a hit for 6-1/3 innings at Washington, then gave up singles by Gene Woodling and Willie Tasby in the seventh for the second two-hitter of his major league career.

Dick McAuliffe had two of the Tigers' eight hits off loser John Gabler (3-6) and two relievers and drove in three runs, two with a fourth-inning double.

Jack Fisher (7-11) delivered the key single as the Orioles beat the Twins and Jack Kralick (11-9) with four runs in the sixth. Dave Philley of the Birds set a major-league record with his 23rd pinch hit, bettering the record set by Sam Leslie with 22 for the New York Giants in 1932.

Hamtramck New Pony Champions
WASHINGTON, Pa. (AP)—Hamtramck, Mich., reigns today as champs in Pony League baseball.

The team edged San Antonio 2-1 in extra innings Friday night in the finals of the league's World Series.

Reg Ferrebee singled home both Hamtramck runs, one in the sixth that tied the game 1-1 and the other in the 10th.

Pitchers Art Deras of Hamtramck and Frank Rodriguez of San Antonio each gave up four hits before being replaced after nine innings on a league rule preventing a pitcher from playing more than 16 innings a week.

San Antonio scored in the third on a walk, an error and a single by Bob Berry.

Ferrebee's error in the sixth followed two errors that permitted a runner to reach second. His game-winning blow pushed across Tom Paciorek after he walked and took second on an infield out.

Scientist Reveals Vaccine In Fight Of Human Cancer

CLEVELAND, Ohio (AP) — A Cleveland scientist says he is ready to prepare for tests on humans an anticancer vaccine that has worked on laboratory animals.

Dr. Sergio de Carvalho said actual production and use of such a vaccine would take about a year to prepare for. Antibodies that would be used to fight cancer in humans, he said, would be grown in horses.

He said efforts are being made to develop serum that would work effectively against different but related types of cancers. He does not think a single serum would fight all types of cancer.

Dr. de Carvalho announced on Thursday he has developed an immunizing serum that was used to treat and prevent cancer and leukemia in animals. Preliminary reports are encouraging, he said, but it may be some time before any conclusive findings can be reached.

With this serum, he said, he has protected rats with a high susceptibility to cancer so that no cancer implants take hold in them.

Dr. de Carvalho, director of cancer research with Rand Development Corp. here, reported his findings at the 19th annual meeting of the Electron Microscope Society of America in Pittsburgh.

He said he worked closely with scientists from Parke, Davis & Co., a Detroit pharmaceutical firm.

CITES REASONS

He said these research results have led him to believe he may develop a vaccine for a successful fight against cancer in humans:

1. Material extracted from cancer tumors and grown in the laboratory looks, under an electron microscope just like a virus, long suspected as a possible cause of cancer in humans.

2. He has been able to take this material, inject it into a horse, and have the horse manufacture an antibody serum that later inhibited cancer in animals.

3. He has developed a theory of the mechanics of virus behavior that would account for the cancer-inhibiting effects on animals.

4. Although the end products have so far been tested on animals, he said, the original cancer-causing agents were grown from extracts of human cancer cells.

Agents Raid Bookies In New Kensington

NEW KENSINGTON, Pa. (AP) — Axe-wielding federal agents and U. S. marshals swept down on two places in New Kensington Thursday night and arrested 23 persons for failure to buy federal gambling stamps.

Agents said they raided a gambling casino and a nearby numbers writing headquarters.

The raiders, who also included Internal Revenue agents, rode up to the places in a truck, jumped out and bashed their way in with axes.

Among those arrested was Daniel Hanna, 35, of Arnold, who was to start serving a federal prison term Friday on charges of being part of a gang that smuggled arms into Cuba.

Hanna was detained, but the other defendants were released on \$1,000 bond each after being arraigned before U. S. Commissioner Alex L. McNaughton in Pittsburgh.

Peace Corps May Become Permanent

WASHINGTON (AP) — Administration leaders predicted quick passage today for President Kennedy's bill to put the Peace Corps on a permanent basis.

Sen. Hubert H. Humphrey, D. Minn., floor manager for the measure, said the bill, carrying out one of Kennedy's campaign pledges, would be approved by an overwhelming majority.

He was strengthened in his confidence by the 59-32 roll call vote Thursday by which the Senate defeated a Republican-sponsored proposal to cut the money authorization for the first year from \$40 million to \$25 million.

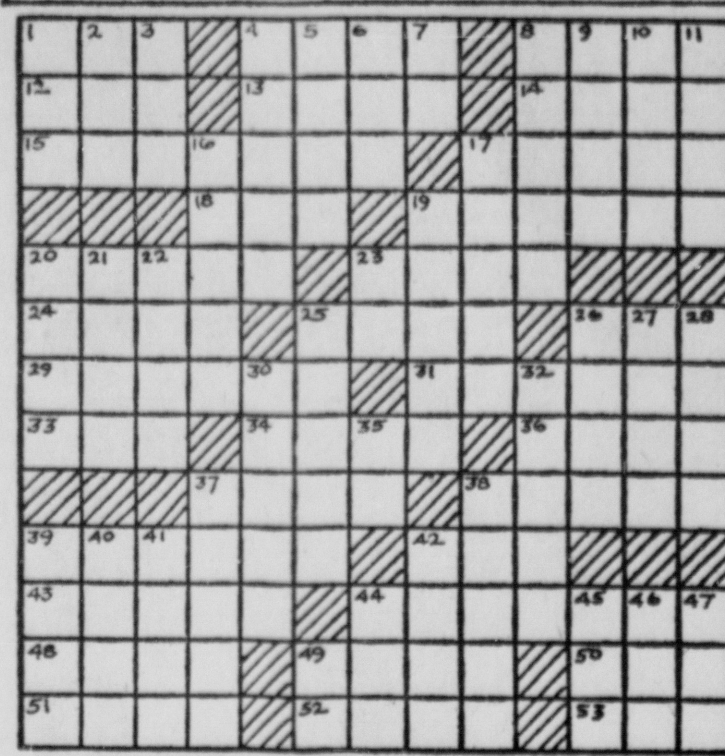

Rush Soldiers To Forest Blaze

ST. JOHN'S, Nfld. (AP) — Two hundred soldiers and additional fire-fighting equipment were rushed into Newfoundland by plane Friday to help battle forest fires that have raged over 832,000 acres of prime timber land.

The province was under a state of emergency as the flames continued to advance. Hot, dry weather was forecast and there was no hint of rain.

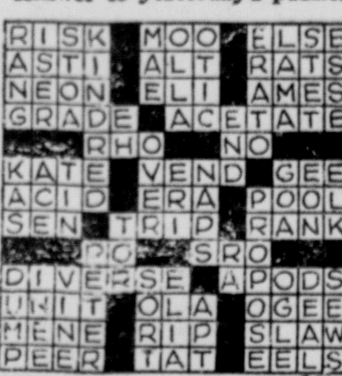

Resources Minister W. J. Keough asked Newfoundlanders to offer special prayers for rain. One forestry official described the fires as "hundreds of little hells."

Political Parties Mend Differences

NAIROBI, Kenya (AP) — With Jomo Kenyatta's blessing, Kenya's two leading political parties patched up their differences today to demand independence from Britain by next February.

Tom Mboya's Kenya African National Union (KANU) and the Kenya African Democratic Union

(KADU) said they are ready to unite in an interim coalition government.

Kenyatta, 71-year-old nationalist leader detained by the British for nine years on charges of leading the Mau Mau antiwhite terrorist uprising, was given his complete freedom this week.

Kenyatta is favored by both parties to become the colony's first prime minister.

4 Youths Held On Theft Charge

EDGEHURST, Md. (AP) — Four youths arrested in Baltimore County early today after a routine automobile check have been held for Sunbury, Pa., police.

Held for investigation were Edward L. Ziegler, 19, and Claude F. Kistner, 20, both of Sunbury, and two juveniles, aged 16 and 17.

Police said the youths were observed "acting in a suspicious manner" near a parked car in a shopping center about 3:15 a. m. A check of their own car uncovered quantities of whisky, cigarettes, cigars, a record player and coins.

Police said the youths had admitted robbing a Veterans of Foreign Wars Post in Sunbury and a drive-in at Shamokin, Pa.

Officers said authorities from Sunbury were on the way here to pick up the youths.

CANDIDATE FOR GOVERNOR

NORRISTOWN, Pa. (AP) — Elkins Wetherill, president of the Montgomery County Commissioners, is seeking support for the Republican nomination for governor of Pennsylvania.

Wetherill, 41, of Plymouth Meeting, said in a statement Wednesday:

"I am not an announced candidate for governor at this time. I have been attempting to meet with governmental political, business and civic leaders throughout the state to discuss future possibilities."

Wetherill — Co-chairman with Roy Wilkinson of the Pennsylvania citizens for Eisenhower in 1952 and 1956 — was asked his position after he visited Eisenhower Wednesday in Gettysburg.

Wilkinson, who will manage Wetherill's campaign, said the visit was to "let him know Elkie was a candidate and that we are appealing to the type of people who supported Eisenhower."

Wetherill founded the Montgomery County Young Republican Club, and since 1946 has worked for the Republican State Finance Committee in every election.

A graduate of the University of Pennsylvania law school, Wetherill has a law practice in Norristown. He was elected county commissioner in 1959.

JAPAN ADOPTS NEW UN POLICY

TOKYO (AP) — The Foreign Office Friday announced Japan henceforth will base its actions in the United Nations solely on a U.N.-first policy.

A 340-page book titled "The Recent State of Japan's Foreign Policy" declared Japanese foreign policy will entail enhancing the prestige of and strengthening the United Nations and that if such policy conflicts with the position of other African-Asian nations, "it cannot be helped."

The bulky document said Japan's aim is to see the United Nations evolve into an organization with enough prestige and power to maintain world peace.

The detailed report, approved by Premier Hayato Ikeda's Cabinet, maintained that Japan's U.N. activities tend to conform with those of other free nations and that Japan will continue to cooperate with democratic powers.

The opposition Socialist party promptly complained that the report mirrored U.S. policy and did not suggest ways of improving relations between Japan and Red China. The Socialists called on the ruling Liberal-Democrats to work with the African-Asian bloc in the United Nations.

Mennonites Ask Ban On Nuclear Weapons

JOHNSTOWN, Pa. (AP) — A convention of Mennonites has asked President Kennedy to work toward the elimination of nuclear weapons throughout the world.

Some 1,000 delegates attending the church's 32nd biannual general conference also approved a letter Thursday, urging the President to continue "patient" negotiations. Eight countries are represented at the convention which closes today.

Two Phillips Academies are located in Andover, Mass., and Exeter, N. H. They are known as Phillips Andover and Phillips Exeter.

Hollywood Couple May Reconcile

HOLLYWOOD (AP) — A spokesman for actor Dick Powell says he and wife June Allyson probably will reconcile.

The couple was granted an interlocutory divorce last Jan. 31 after a 15-year marriage. Under California law, the divorce is not final until Jan. 31, 1962.

The spokesman said Thursday Powell, 56, and his actress wife, 37, had been living together since they visited their children vacationing in Monterey, Calif. Miss Allyson recently suffered a kidney stone ailment there.

SURVIVES 22 HOURS IN GULF

CORPUS CHRISTI, Tex. (AP) — "I owe my life to the fish," Jimmy Seals, 18, said from his hospital bed Thursday after being pulled from the choppy waters of the Gulf of Mexico, ending a 22-hour swim for survival.

Time and again, he said, fish nuzzled "and pestered" him and kept him awake.

Crewmen of a fishing vessel rescued Seals, exhausted and sunburned, after he swam and floated without a life jacket for nearly a day off the Texas coast.

Two companions, Rickie and Buddy Halters, brothers, 16 and 14, were rescued after only 6 hours and 45 minutes in the water.

Their 21-foot skiff overturned and sank on an excursion from a pair of fishing vessels on which they worked 35 miles offshore.

Seals, of Port Aransas, Tex., told of the night-long ordeal. Hospital attendants said he appeared in good condition.

KILLED BY CAR

PITTSBURGH (AP) — A car killed Robert Charles, 60, of Allison Park late Thursday night in nearby Hampton Twp.

The Allegheny County coroner's office said Charles had gotten off a bus and started across the street. The car was driven by Nicholas Bursick, 17, of Pittsburgh, the coroner's office said.

HOPE TO EASE CLASHES OVER PUBLIC ISSUES

By GEORGE W. CORNELL

Associated Press Religion Writer
NEW YORK (AP) — A wide-ranging search began today for ways to help reconcile the clashes between American religious groups over public issues.

Top leaders of various faiths, from Rome to Geneva to Jerusalem, were to be consulted in the process.

Also, examples in the Old World were expected to provide some answers to problems in the New World.

DISSIPATES STRENGTH

The effort is being led by a key interdenominational diplomat Dr. Lewis Webster Jones, president of the National Conference of Christians and Jews.

Noting intensified conflicts between religious groups in this country over various questions, such as public support for parochial schools, birth control policies, Sunday closing laws and other matters, he said: "Unless some clearer consensus can be reached, the strength and unity which America has drawn from the common acceptance of the Judeo-Christian tradition will be weakened and dissipated."

"Neither at home nor abroad can Americans afford such a loss."

As an initial part of the new four-year project, underwritten with a \$325,000 Ford Foundation grant, Dr. Jones left today for conferences with high religious officials, and to survey advanced interfaith amity in Europe.

Particularly to be examined, he said, is the "dialogue approach" to community cooperation and mutual understanding, a movement that has mushroomed abroad and is spreading in this country.

It has chiefly involved Protestant-Roman Catholic parleys.

That was the opinion of Bob Banner, head of Bob Banner Associates, one of the top producing organizations in the industry. "The reason drama on television has been having less and less success," observed Banner, "is that children aren't watching and therefore, the audience isn't too large. Low ratings thus result with eventual cancellation of the program."

Among other successful shows which Banner and Associates produces are "Candid Camera" and "The Garry Moore Show." They are currently at work on about a half dozen additional TV enterprises.

FOOD FOR THOUGHT

By MARSHALL TUCKEY

Cooking in the Pacific Islands is a hodgepodge of recipes brought from many countries. Polynesian, Chinese, Japanese, Korean, and even American beans, lemons, and the New England missionaries. All these recipes have been modified to conform to the original ways of the quiet little natives. The specialty of the Hawaiian Islands, served at every wedding in the hills, is MOA LULA. A ME WAI NIU, which is chicken and bananas stewed in coconut milk. You don't have to have a wedding to serve this one, but it will cause quite a considerable stir in the neighborhood if you do.

A: No, unfortunately, it is not scheduled.

Q: I hear the "Steve Allen Show" is coming back. When can it be seen? Robert L.

A: The "Steve Allen Show" premieres Wednesday, Sept. 27 over ABC-TV.

Q: Since "The Loretta Young Show" has been cancelled, Loretta through with TV, Mr. T. W.

A: No. Loretta probably will be seen in a number of hour-long shows next season.

Q: Could you tell me who Robert Taylor was previously married to before Ursula Thiess? I say that because Barbara Stanwyck, his friend, says Joan Crawford, Mrs. K. F.

A: You're right: Barbara Stanwyck.

Q: I seem to recall that Anthony George of "Checkmate" was the "Untouchables" when the series began. Am I right? **M:** Donald M.

A: Yes, you are. He was "killed off" in the series because he wanted his release from the show.

Good Cleaning Of Poultry House Will Balk Ailments

By FRANK S. ZETTLER
Adams County Farm Agent

Thorough cleaning of the poultry house may not prevent some ailments but the practice certainly never contributes to flock troubles.

In many cases adequate dry-cleaning, followed by power spraying, destroys or removes organisms which might be present to affect the new flock.

Using a blower to remove dust is a sound practice after the litter and dried adhering filth has been removed from the building and equipment. Power disinfection destroys organisms or parasites lurking in crevices.

Many organisms are destroyed or washed out of the building when water under pressure is used for cleaning. Adequate floor drains and prompt removal of such water is necessary, especially in frame structures and multistory buildings to prevent damage to the building.

USE HOT LYE

Use of hot lye is suggested when scrubbing is necessary, as an effective cleansing and disinfecting agent. One 12-ounce can of lye is used with 20 to 30 gallons of water. In handling this material be careful to avoid painful burns. Additional treatment to control mites is advisable.

Allow the house and equipment to dry out well before litter is placed on the floor and in the nests.

Keeping a soil fertile, with so-called "balanced" supply of each plant nutrient, might be compared to using a self-feeder for hogs or chickens.

Such a soil "self-feeder" would

posite to research findings ob-
tained many years ago.

Early studies conducted at Penn
State showed that less heat pro-
duction occurred on feeds that
were highly digestible. Corn and
most cereal grains result in less
heat production than forages or
high fiber feeds which are lower
in digestibility. On this basis most
forages, wheat bran, brewers' drier
grains and oat mill feed
among others could be expected
to produce more body heat than
shelled corn, barley, wheat, and
hominy. Oats also might result
in greater heat production due to
a high fiber content. Production
of body heat is greater on such
feeds because the animal must
expand more energy for "work of
digestion."

USE SHELLED CORN

The reasons for use of low fiber,
high energy grain mixtures in
areas of the country where high
temperatures are the rule: shelled
corn is used rather than ear corn
chop which includes the fibrous
cobs. Also the amount of forages
used in drylot feeding is reduced
to about one and a half pounds
of hay equivalent per 100 pounds
of body weight and grain is fed
heavier.

Under such conditions, body
temperatures of the cows may
run 2 to 3 degrees lower than on
the usual forage and grain ration.
Most important, cows may pro-
duce as much as two pounds
more milk per head daily.

Dairymen are urged to make
sure their cows are getting highly
digestible forage during hot
weather. This means young ac-
tively growing forage or the best
of stored hay or silage. Feeding a
relatively high energy grain mix-
ture also can be of benefit in im-
proving or holding production
levels. These steps for hot weather
feeding are applicable to effi-
cient production year 'round in
many respects.

An Event With A Moral:

'Risk Nothing, Gain Nothing ...'

EDITOR'S NOTE: "Nothing risked, nothing gained." That's been one of Broadway actress Tallulah Bankhead's mottoes since her early days in show business. Miss Bankhead tells how she discovered the truth of this maxim in the last of six articles on "The Time of My Life."

By TALLULAH BANKHEAD
(For The Associated Press)
On December 1, 1922, I was 19, and a part-time vagrant. In the five years since I had fled my grandparents' Alabama roof to subdue the theatre, that thankless trip had given me but forty weeks work. Less than a month had elapsed since I was ambushed in "The Exciters," my fifth flop. Beset by woe and hunger I gave astrologer Evangeline Adams my last \$50 to probe my future and speculate on my prospects. She said my fortune lay overseas. "When summoned go, even if you have to swim," she said.

A week later I received this cable from London producer Charles B. Cochran:

"POSSIBILITY ENGAGEMENT WITH GERALD DU MAURIER IN EIGHT WEEKS WRITING FULLY CABLE IF FREE." INVASION OF ENGLAND

Within an hour I was boasting to anyone who would listen on my imminent invasion of England. A week later a second cable from Cochran floored me: "TERIBLY SORRY, DU MAURIER'S PLANS CHANGED."

Though crushed by this reversal, I cabled Cochran I was coming anyway. He pleaded with me not to. Said it was too risky, that he didn't want to be a party to such folly.

There was one fly in my ointment. I didn't have the money for my fare. In this crisis I put a \$1,000 bite on General Coleman du Pont, a friend of my family's who had served in the U. S. Senate with my grandfather. At Southampton I was almost judged because I had neither labor permit nor evidence of employment nor hope thereof. I was warned that I could only stay in England two months and that I must report to the Bow Street Police Station in London the next morning.

"HERE I AM"

Though suspect by the police, I holed up at the Ritz warmed by my letter of credit, the balance of the \$1,000 I borrowed from General du Pont. The next day Cochran took me to a matinee of "Bulldog Drummond," in which Du Maurier was starring. After the performance he took me back stage to meet the famed actor-manager. On being introduced to Sir Gerald I said, "Well, here I am."

"Didn't you get my cable telling you not to come because I'd engaged another girl?" he asked. "What cable," I replied. Du Maurier may have been fascinated by my monumental nerve, or he may have wanted to do a favor for his friend Cochran. In any event I got the role in "The Dancers" and played it for its 43-week run at Wyndham's Theatre. That engagement started me on an eight-year reign in London during which I became the toast of the critics and the talk of the Thames. Thus my darkest moment prefigured my most shining hour. When I left New York in '23 I was just a jump ahead of the sheriff. When I returned in '31 I was a star, lured home by a \$5,000 a week contract from Paramount. My wage in "The Dancers" was \$150. The moral to this tale: Nothing risked, nothing gained.

USE TRICKERY, ELECTRONICS, "BEAT THE LAW"

By G. MILTON KELLY
WASHINGTON (AP) — Senate rackets probes tried to show Friday how the underworld blends trickery with modern electronics to beat the law in promoting big-time gambling.

The Senate Investigations subcommittee already has heard testimony that corruption of some law enforcement officials is another tried and true method. No one at the hearing has yet put the finger on any official as taking graft.

Among witnesses called by the subcommittee was Elum (Bill) Caudell, a former Florida policeman with a record of 14 arrests and one conviction—later reversed on appeal—on charges of illegally transmitting racing information.

"ARTIST AT PILFERING"

Richard E. Gerstein, Dade County (Miami) state attorney, Thursday called Caudell an artist at pilfering forbidden information from race tracks and feeding it into clandestine telephone wire networks that serve U.S. and Canadian handbook betting establishments.

The subcommittee is trying to decide if new federal laws are needed to curb race wire services. They are legal under federal law and prohibited only in Florida, Gerstein said. He called race

STATE STARTS RADAR SPEED CHECK SEPT. 1

By HERB LINNEN

HARRISBURG (AP) — You might say Pennsylvania state police will work as carefully with the new radar law as the artist contemplating the last stroke to his painting.

One hasty move, they realize, could ruin everything. For there is a hard core of legislators with the twinkle of repeal in their eyes. They could be expected to move swiftly should anything go amiss in enforcing the radar law after September 1.

So Commissioner Frank G. McCartney and his top aides have spent plenty of time and effort in the past several months to insure that the 19 veteran-staffed state police units are well-trained in the use of the electronic device for checking speeders.

Radar speed checks will be made by state police exclusively and will be restricted to the state highway system, including the 470-mile Pennsylvania Turnpike. Signs along the road will warn the motorists that his speed is being checked by the electronic eye.

Will the observing be done from behind billboards or from behind a cluster of trees hidden from the motorists' view?

On the contrary, McCartney said the radar device will be set up in a green metal cylinder the size of a spotlight. It will hang out the window of a patrol car that will be parked in clear view of passing motorists but off to the side of the road.

600 FOOT BEAM

The radar set—the most modern type available—will plug into a cigarette lighter outlet in the patrol car's dashboard. It will cast a 600-foot beam down the road behind the patrol car, eyeing oncoming traffic.

Two troopers will be stationed in the radar car. From 1,000 to 3,000 feet down the highway will be two other patrol cars, with one man in each. They will be called interceptors.

The two in the first car will check the indicator dial on their dashboard for telltale evidence against speeders.

Radar turns out a steady flow of high-frequency radio waves. When the waves hit a solid object, they are bounced back to the sending point.

CAN FIX SPEED

When the waves hit a moving object, such as a motor vehicle, their return is accelerated. The oncoming vehicle's speed can be fixed by the rate of this wave acceleration.

The entire matter is recorded on a chart, which can be used as evidence in courts under the new law.

When the motorist exceeds the speed limit by five or more miles an hour, the radar car radios ahead a description to the interceptors. The interceptors then will overtake the offender.

If he is from Pennsylvania, he will be given a ticket and allowed to resume his travels. If he is an out-of-stater, the violator will be brought immediately before a justice of the peace, McCartney says.

CONVOYING IS BANNED

"There will be no convoying of groups of violators," the commis-

sioner insisted. Some states require drivers to wait around until the police have a sizable group of violators to take to a magistrate.

McCartney says the first two weeks after radar enforcement begins will be a "familiarization period." The device will be used only in daylight hours during this period. Later, however, the units will operate day and night. With the hours staggered and the units shifted to provide maximum coverage.

The commissioner said the radar check won't be operated when heavy rain, fog, sleet, or snow reduce visibility and cause slippery roads, making the stopping of vehicles hazardous.

East Berlin

MRS. JANE MILLER
Phone 2566

EAST BERLIN: The proposed council number 140 degree of Pochontas met in the Wigwam of Oniska Tribe No. 40, Tuesday evening, with many local women present. Plans were made for the institution. The next meeting will be August 31 at 8 o'clock when the regular meeting will be decided. All interested persons are asked to be present to plan the future of this council.

Mr. and Mrs. Robert Newman and son, Larry, Brooklyn, N. Y., are visiting this week with Mr. and Mrs. Harry Thoman, Harrisburg St., and Mr. and Mrs. Russell Fissel, Locust St.

Woodburn Baughman, East Berlin, has entered the Cleft Palate Clinic, Lancaster, where he will undergo surgery next month.

The East Berlin Lions met Tuesday evening at the summer cottage home of Mr. and Mrs. Cletus Mummert. A chicken barbeque dinner was served to the members and the following guests: Mr. and Mrs. Raymond Jacobs Jr., New Jersey; Mr. and Mrs. Robert Lau and Mr. and Mrs. Mummert, East Berlin.

Conveyed to the York Hospital Tuesday were Charles F. Kahnhauser, Abbottstown R. 1 and Mrs. Frank Lampharter, East Berlin R. 2.

Miss Mary Hull, W. King St., recently honored Rosalie Carbaugh at a bridal shower with the following guests attending: Bonna Byers, Linda Boone, Alma Anderson, Maryann Myers, Maryann Dissinger, Martha Cook, Mrs. Shaeffer, Mrs. Carroll Vollard, Mrs. Florence Hull, Helena Shaeffer, Mr. and Mrs. Wayne Cook, Sara Lou Hull and Donald Cook. Miss Carbaugh will wed Donald Shaeffer, Sunday, September 3.

The bride-to-be was also given a shower Tuesday by employees at the Cross-Keys Brethren Home.

The Christian Business and Professional Council held a picnic-meeting at Fairview Church of the Brethren, York, Monday evening. Those attending from East Berlin were, Mrs. Margaret Moul, Mrs. Elmer Mummert, Mrs. Estella Hoffman, Mrs. Grace Paxton, Mrs. Erma Gross, Mrs. Marion Fetrow, Mrs. Frances Bechtel, Mrs. Isabel Lau and Miss Nettie Myers.

UNIT TO BE TESTED

Before a radar unit is used it will be tested by electronic means and by driving a test car through the radar beam at the posted speed limit, McCartney said. All units, he added, will be calibrated and certified accurate every 30 days by an official testing station licensed by the state.

The Pennsylvania fine for speeding violators is \$10 plus costs of \$5 with the fine going to the community in which it is levied and the costs going to the justice of the peace.

In addition, Pennsylvania motorists get a warning of license suspension when the excess speed is between five and 10 m.p.h.

If the excess is 11 to 20, a suspension of 30 days is imposed. If between 21 and 30, two months; from 31 up, three months.

A second violation means an extra month's suspension is added to the regular penalty.

BRITAIN WARNS SOVIETS ABOUT BERLIN THREAT

By ARTHUR GAVSHON

LONDON (AP)—Britain warned the Soviet Union anew Friday that any bid to interfere with Western flying rights into West Berlin would create a dangerous situation and that Moscow would be to blame.

The Foreign Office disclosed it has advised British nationals contemplating visits to East Germany that they would travel at their own risk.

A spokesman told newsmen the United States, Britain and France probably will send notes rejecting the Soviet charges that use of the air corridors to Berlin is being abused by the Allies. The replies of the three powers are expected to be sent within the next five days.

SUGGESTED BEFORE

The new British warning came when the spokesman recalled that in September 1960 the Russians suggested in a note to the West that they might tamper with the Western air corridors.

The spokesman said Britain then advised Moscow: "The United Kingdom government warns the Soviet government that any attempt from whatever quarter to introduce any restrictions would create a dangerous situation for the consequences of which the Soviet government would be fully responsible."

The spokesman added: "That was our view last year, and that is our view today."

Freedom Rider Is Found Guilty

JACKSON, Miss. (AP) — A 12-man, all-white jury Thursday convicted Henry Thomas, 19, of St. Augustine, Fla., on a breach of peace charge in the first appeal trial of a convicted "Freedom Rider."

The jury deliberated 45 minutes. Thomas, a Negro and student at Howard University, had appealed his earlier conviction in City Court.

Thomas was given a \$200 fine and a four-month jail term by Judge Russell Moore. The penalty was stiffer than the original City Court sentence of \$200 and a 60-day suspended jail term.

Soviet moves the threat of a direct menace to the city's lifeline with the non-Communist world, "INSULTING MESSAGE"

The Laborite Herald called the Soviet note "an insulting message."

The right-wing Daily Express said Soviet Premier Khrushchev had gone even farther than Stalin during the 1948 blockade. "Certainly the Russian leader is damaging his own cause," it said.

The right-wing Paris Combat said: "If the West accepts this new measure, tomorrow the Americans, British and French will have to submit to its control. And the day after tomorrow there will remain nothing to do in West Berlin but to submit to all the edicts of East German party boss Ulbricht and Khrushchev."

In West Germany, Frankfurt's independent Neue Presse said of the new events: "The Western powers have been threatened directly. Now they have to decide whether or not they will allow their rights to be breached."

W. BERLINERS UNCONCERNED ABOUT CRISIS

By THOMAS A. REEDY

BERLIN (AP) — West Berlin, faced with a new crisis, is living it up.

The East German moves to gobble them up don't seem to faze the West Berliners for a moment. They are interested, somewhat concerned, perhaps even disturbed, but—

The man on the street is definitely more wrapped up in his hour-to-hour and day-to-day pursuits. It is as though he has decided this is a problem for somebody else, namely the Western Allies and the Soviets, and until they sort themselves out he is going ahead with normal living.

What such normal living means is the theater, the movies, sports, the beer halls, the night clubs. People are putting new coats of paint on their houses. They are pruning and preening their gardens. They are buying on credit and looking for mortgages where necessary.

BUSINESS IS NORMAL

Except for the spots right on the barricaded border with East Berlin, the night clubs are blazing away. A barman at one of them, asked how business was, commented nonchalantly:

"Normal."

Normal kept that particular barman hopping.

A new night club opened just as the East German Reds put their clamp on the town and spread worry around the globe. Called the Smokey, it specializes in a quick drink, a quick bar girl, iness.

Hemingway Asks His Widow To Provide For His 3 Sons

2 Cousins Killed By Freight Train

PITTSBURGH (AP)—Two cousins—a teenage girl and an eight-year-old girl—were killed by a freight train Thursday at a Pennsylvania Railroad crossing in nearby Carnegie.

Patricia Ann Willard, 19, of Collier Twp., was killed instantly. Anna Marie McGinnis, also of Collier Twp., died several hours later in St. Clair Memorial Hospital.

Police said the two were struck by trying to cross the tracks.

TYPHOON KILLS 3

TAIPEI, Formosa (AP)—Typhoon Lorna blew down to an ordinary storm Friday and moved into the Formosa Strait after causing at least three deaths in southern Formosa and disrupting rail and highway traffic in some areas.

Two Chinese air force drivers were killed at Pingtung when a tree uprooted by strong winds landed on their jeep.

DEATH FOR HIJACKER

MOSCOW (AP)—A Soviet court sentenced a truck driver to death by shooting for hijacking furs and textiles from a state enterprise, the Soviet news agency Tass reported.

a sort of strip-tease and a walloping check. Well decorated and well staffed, the spot had to do business quickly to avoid going to the wall, and it's doing the business.

NEW YORK (AP) — Ernest Hemingway's handwritten will leaves his entire estate to his widow, Mary, and asks her to provide for his three sons by a previous marriage.

The Nobel and Pulitzer prize winner died July 7 from a self-inflicted shotgun wound at his home in Ketchum, Idaho.

His will was filed for probate in surrogate's court Thursday, and his estate was listed as "over \$20,000" pending further appraisal.

The will is on both sides of a single sheet of personal stationery, topped with red-tinted letterhead reading "Finca Vinia, San Francisco de Paula, Cuba," and dated Sept. 17, 1955. It was couched in legal language.

GAVE INSTRUCTIONS

In the will, Hemingway wrote: "I have intentionally omitted to provide for my children as I repose complete confidence in my beloved wife, Mary, to provide for them according to written instructions I have given her."

The three children are John Hemingway of Mill Valley, Calif.; Gregory Hemingway of the University of Miami (Fla.) School of Medicine; and Patrick Hemingway, a safari guide in Tanganyika.

Hemingway's attorney, Alfred Rice, said the estate consisted of cash, securities, real estate in the United States and Cuba, copyrights to published works and original manuscripts of published works and unpublished manuscripts.

Harry Truman Says He Is Having A Good Time In His Retirement; Does 'Chores'

EDITOR'S NOTE — There are still plenty of sparks in the flinty person of Harry S. Truman, as every newspaper reader knows. But what's the former President like at home? Just like anybody else, helping with the dishes, phoning the grandchildren and wondering why there's no cold roast beef in the ice box. Here's a warm piece on America's living ex-President.

By SAUL PATT
INDEPENDENCE, Mo. (AP) — When a man has been President of the United States — and only 34 have — he usually forfeits the right to be ordinary.

Somehow you don't expect him to drive his own car or carry out the ashes or help with the dishes or, like ordinary citizens of a great democracy, catch occasional hell from his wife.

But Harry Truman does all these things. And in the 77th year of his remarkable life and the eighth of his retirement, he continues to enjoy life with a zip and zest usually denied more Olympian figures.

In an age of the pre-tested personality, when many public faces have been sculpted by press agents and pulse-takers and other image-makers, Harry Truman remains himself with an outrageous, enviable spontaneity.

ENJOYS BREWING FUSS

He still can scarcely draw a breath without pronouncing a judgment in concrete. He still enjoys overstating a case if only to stir up the animals. He still loves to tear into a political opponent with all the singing joy of a sliding baserunner about to take out the second baseman. And, when the dust clears, he still shows an innocent surprise that someone complained of being spiked.

He still combines a smiling, folksy cordiality with a genial chip on his shoulder, as if daring you to deny who he was. And behind the bifocals, there still dances a mischievous twinkle, as if poor boy from Independence had played a monumental joke on history by becoming President, by then being elected in his own right when everyone else had written him off, by reaching up from his small-town everyman origins and belting Gen. of the Army Douglas MacArthur right off Mt. Olympus.

"I HAVE A GOOD TIME"

"I have a good time," Harry Truman says in the easy sing-song of the Midwest, about things small and large.

He uses the comment to describe the fact that on Wednesdays and Sundays the Trumans call their daughter, Mrs. Margaret Daniel, in New York for news of their two grandchildren. The former First Lady talks from the downstairs phone and the 32nd President of the United States, from the upstairs extension in the big, white Victorian house on Delaware Street.

"I had a good time," Harry Truman says of his days in the

White House, choosing not to recall that he also has referred to 1600 Pennsylvania Avenue as the "big white jail."

"I ENJOYED MYSELF"

"I enjoyed myself even there. I always had a good staff and if there were any worries, they had to assume them . . . even after the 1948 campaign, when I shook hands with a million people and made 356 set speeches and that many more extemporaneously, my staff was exhausted but I had gained five pounds. . . ."

Here, Mr. Truman usually interrupts his reverie with a funny imitation of H. V. Kaltenborn, the radio commentator, predicting through the long election night of 1948 that Thomas E. Dewey really was winning.

"I don't worry about myself," the former President says of the secret behind his continued bounce, his twinkle, his ruddy glow, the diminished but still remarkably vigorous pace of his two-mile daily walk. "I just like to live and do things for people and think of the other fellow's troubles instead of my own."

JARRED BY DULLES

"I just have a good time as I go along. And when responsibility comes, you make a decision. If it's wrong, you make another one."

The idea of a good time appears implicit in almost everything Harry Truman does, in his pugnacious pride, in his contact with ordinary citizens, in the notion, he likes to foster that Mrs. Truman is the real boss of the house.

In 1955 he went to San Francisco for the 10th anniversary of the United Nations, which he helped found. An aide of Secretary of State John Foster Dulles called to say the Secretary wished to pay his respects. Truman agreed to a time but, through some mixup, Dulles failed to show up.

Next day, the two men met at a reception.

Dulles: "How do you do, Mr. President."

Truman: "I do as I goddamn please and I guess you do, too."

SURPRISES SAILOR

Action. Reaction. Harry Truman moves in uncomplicated rhythms. Why nurse a beef when you can get rid of it?

He was diving his 1960 Dodge back from Kansas City when a tire went flat. The former President pulled over, removed his coat and began work himself when two young men, one a sailor, stopped to help. They obviously didn't recognize him and Mr. Truman, enjoying their matter-of-factness, waited for just the right moment.

When the tire was fixed, he drew out a silver dollar, handed it to the sailor, saying "This is from your old commander-in-chief." Harry Truman thoroughly enjoyed their stunned double-take.

On another auto ride, the Trumans were traveling with two close friends from Kansas City. The former President was telling a story when Mrs. Truman said:

Living Costs At New High In July

WASHINGTON (AP) — Living costs rose to a new high in July. The increase as compared with June was nearly one-half of one per cent, the biggest advance in nine months.

The Labor Department reported Friday that its index of consumer prices rose from 127.6 to 128.1. In the index, 100 represents average prices in 1947-49. Prices in July thus were 28.1 per cent higher than during the base years.

The exact amount of the increase from June to July was 0.4 per cent.

Higher food prices were the biggest single factor in the increase. There also were important advances in prices of gasoline, sporting goods, used cars and women's clothing.

Audrey Meadows Weds 2nd Time

HONOLULU (AP)—Actress Audrey Meadows and Robert F. Six, president of Continental Air Lines, were married Thursday in an Episcopal ceremony. They will leave tonight for a tour of the Far East.

The marriage was the second for Miss Meadows and the third for Six. His second wife was singer Ethel Merman. Miss Meadows said she will continue her television and motion picture work.

"Why, Harry, you know that's not true."

HAD WRONG DETAILS

Said Mr. Truman: "See what I have to put up with. . . . Well, maybe I was wrong on a few details. . . ."

After a dinner party in the home of friends in Kansas City, the men retired for cigars and Mr. Truman was holding forth over the male talk. Out in the parlor, an envious woman gushed to Mrs. Truman:

"I wish I were a man so I could be in there listening to all that fascinating talk from the President."

Said Mrs. Truman: "Well, I'll tell you, my dear. I've been listening to him for 40 years and you're not missing much."

Harry Truman appears to enjoy his wife's needling. It gives him Democratic status.

GETS BAWLED OUT

"He loves to refer to Mrs. Truman as the 'boss'," said an old friend. "He likes people to think she runs things. She does bawl him out now and then and insists he house-break some of his language. But Mr. Truman still does as he pleases."

"After all these years, he's still madly in love with his wife and thoroughly respects her. But don't get the wrong idea about them. The 'boss' always knows who the boss is."

One exposed, some men never recover from power and glory; breathing comes hard to them at the lower altitudes. But for the Trumans, the switch from the White House on Pennsylvania Avenue to the White House on Delaware Street involved no emotional bends. History, they knew all along, was borrowing them only temporarily.

MADE CHANGE EASILY

On the morning after they returned permanently from Washington in 1953, reporters gathered along the iron fence at the Truman home, ready to record the trauma of transition.

Far from the convenience of the vast presidential staff, Mrs. Truman stepped out on the front porch looking for the morning paper. She finally found it in the grass.

Before returning to the house, she had but one comment: "They always throw it under the bushes."

The POWER of FAITH by Howard Brodie

Freedom and faith flowed from the pen of the mighty writer Fyodor Dostoevsky: the freedom of man's mind and being, and faith in Christ. He believed man's behavior was motivated by "freedom and self-assertion," and that his purpose "consists in proving to himself that he is a man and not a cog in a machine." His imprisonment, last minute reprieve from a firing squad, epilepsy and personal trials led to deeper compassion and faith, rather than to cynicism and doubt. His writing grew with his years, with his last novel considered his best. His last words to his children were: "Have absolute trust in God . . . I love you, but my love is nothing in comparison with God's immense love for man, His creation."
